Birthdays Number Cards 1-30

This is a set of birthday cake themed number cards to 30. I have also added some presents cards to extend your lessons. You could hide a present card behind one of the cakes, and children guess which cake hides the present. Play as a group game in a pocket chart, or in a grid at circle time on the floor. Cards can be used for number order, sequencing and recognition. . Print 2 sets for matching, concentration and memory games. Print on cardstock and laminate for longest use.
