## Dental Health Words and Pictures for Early Learners

February is National Children's Dental Health month.

This is a concise page of 12 words and pictures (in both color and bw) related to the concept of Dental Health for preschool and Kindergarten children. This page can be used for vocabulary meanings, recognition and to encourage discussion about healthy teeth. Make up sentences using 2 or 3 of the words. For matching activities, print 2 copies and cut up one or both pages.
